

WPI DESIGN INNOVATION SCHOLARSHIP

WPI Design Innovation Scholarship

Once again, in 2010, WPI will award a full-tuition, four-year undergraduate scholarship (valued at more than \$149,000) to a FIRST Robotics Competition (FRC) or FIRST Technical Challenge (FTC) team student participant. Each team participating in the 2010 FIRST Robotics Competition or FIRST Technical Challenge may nominate **one** of its student members for the WPI Design Innovation Scholarship. The candidate must be in her/his senior year of high school and be an active FIRST (FRC or FTC) team member. Students nominated by their teams must be capable of meeting the standard WPI admissions requirements, have demonstrated enthusiasm for engineering and science, and possess the ability and innovation necessary to excel as an engineer or scientist.

In addition to the full-tuition scholarship, WPI will offer three \$10,000 scholarships (\$2,500 per year for four years of undergraduate study) to applicants to the Design Innovation Scholarship who are not selected for the full-tuition award, but whose applications are deemed by the selection committee to be particularly meritorious.

Submission Information

Criteria

- Candidates should apply to WPI through the standard admissions process (no later than February 1).
- **Then by March 8, 2010, candidates must submit the following additional materials:**
 - **Nomination Form** - completed and *signed* by an adult team leader who is working with the FIRST (FRC or FTC) team on which the student participates, accompanied by a Letter of Nomination.
 - **Letter of Nomination** - from the adult team leader who is nominating this student describing his/her demonstrated enthusiasm for engineering and science and offering examples of demonstrated ability and innovation necessary to excel as an engineer or scientist.
 - **Presentation*** - produced by the student that describes one or more of the *Design Innovations* in his/her team's current year robot *as well as one or more* of the following:
 1. The importance of teamwork in developing their robot
 2. How their team demonstrates sportsmanship
 3. How their team builds spirit(*Optional format - e.g. videotape, electronic presentation, paper, etc. Presentations should not be longer than two pages or five minutes in length.)

Deadlines

- Applications for admission to WPI must be postmarked by February 1, 2010.
- FIRST scholarship nominations and presentations must be postmarked by March 8, 2010.

Notification

FIRST scholarship applications will be reviewed by a committee at WPI in time for the scholarship winners to be notified by early April and recognized at the FIRST Championship Event in April 2010.

About WPI

Founded in 1865 in Worcester, Mass., WPI was one of the nation's first engineering and technology universities. WPI's 18 academic departments offer more than 50 undergraduate and graduate degree programs in science, engineering, technology, management, the social sciences, and the humanities and arts leading to the BA, BS, MS, ME, MBA and PhD. WPI's world-class faculty work with students in a number of cutting-edge research areas, leading to breakthroughs and innovations in such fields as biotechnology, fuel cells, information security, materials processing and nanotechnology. Students also have the opportunity to make a difference to communities and organizations around the world through the university's innovative Global Perspective Program. There are more than 20 WPI project centers throughout North America and Central America, Africa, Australia, Asia and Europe.
